### NOTICE OF PUBLIC HEARING

#### **Adoption and Approval of Revisions to the 2010 PM10 Maintenance Plan for the Coso Junction Planning Area to Modify Maintenance Measures Under Board Order 080128-01 Related to Controlling Dust from the Owens Valley**

**PLEASE TAKE NOTICE** that on Wednesday, December 11, 2013, the Governing Board of the Great Basin Unified Air Pollution Control District (District) will conduct a public hearing and will consider for adoption and approval revisions to the State Implementation Plan adopted as the 2010 PM10 Maintenance Plan and Redesignation Request for the Coso Junction Planning Area (Coso Junction SIP). The proposed revisions would update the maintenance measures in the Coso Junction SIP to be consistent with Board Order 080128-01 as amended by the Board under Board Order 130916-01. The amended Board Order, which requires Best Available Dust Control Measures to be implemented on the Owens Lake bed and the Keeler Dunes, is included in the Coso Junction SIP as a maintenance measure to help ensure compliance with the National Ambient Air Quality Standard for particulate matter measured as PM10. Dust control measures are needed because of the potential impact that windblown dust from the Owens Valley can have on air quality in the adjacent Coso Junction planning area.

The proposed revision of Board Order 080128-01 is available for public review at the District's Bishop office, 157 Short Street, Bishop, CA 93514 and on the District's website at: [www.GBUAPCD.org](http://www.GBUAPCD.org). Copies are available in person or by mail upon request.

The public hearing and the District Governing Board's consideration of adoption and approval will occur at the Board's regular meeting on **Wednesday, December 11, 2013 at 10:00 a.m. at Cerro Coso Community College, 100 College Parkway, Room 208, Mammoth Lakes, California 93546.**

Written public comments submitted by 5:00 PM PST on November 20, 2013 will be responded to by staff and included in the Board packet for this meeting. Written comments should be submitted to Theodore D. Schade, Air Pollution Control Officer, Great Basin UAPCD, 157 Short Street, Bishop, CA 93514. Written and oral comments can also be provided at the public hearing.
